ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

COL. ALEX SEVIER IS LAYING OUT AN ADDITION

Colonel Alex Sevier, noting the lack of building space for homes has cut up his fine property at the corner of College and Manchester Sts. known as the John Sevier addition on Arlington Heights. This land adjoins Union College property.

To any man who has \$500.00 with which to plan building a home. Col. Sevier will sell the lot without payment down, and lend another \$500 with which to complete a \$1,000.00 home. Thus all that is needed is \$500 cash and the rest can be paid for by arrangement with Col. Sevier at a rate of 6 per cent interest.

Lots on Manchester Street may be bought on time also.

On the property above mentioned Mr. and Mrs. Ed Mirale, both of whom teach school, have erected a nice home.

Col. Sevier is putting a brick foundation under the warehouse formerly occupied by T. G. Moran, back of the Gov. Black law offices.

ANNA HINKLE HURT IN FALL

Thursday of last week little Anna Hinkle and Webster Slusher were playing by an open window in the George Faulkner Flats and decided that it would be good fun to try to spit on a piece of paper which they had thrown from the window. While leaning out Anna lost her balance falling to the ground below, and striking on her face. Her eye was badly injured but it is understood that the little one is doing nicely. As the fall was from the second story it is a mercy the little one was not killed.

IN MEMORIAM

Hall of North Jellico Lodge
No. 320, I. O. O. F.

The Angel of Death has again invaded the ranks of our beloved order and taken from us our beloved Friend and Brother, Henry C. Johnson, who passed away on the fifteenth at his home in Colmar, Ky. He was one of the true and faithful His passing away leaves a pang of sorrow and a feeling of sadness, and his voice will be heard no more around the altar of Odd Fellows.

But the noble example of his unselfish and devoted life will continue to guide the footsteps and direct the conduct of many men and we shall think of him on bended knees in devotion to God. He lived a faithful member in our order of Odd Fellows in the light of true fraternal love. In the death of Brother Johnson we have lost a faithful and valued member, his wife a kind and loving husband, and his children a faithful and loving father.

We extend to the bereaved family of Brother Johnson our heartfelt sympathy. A copy of these resolutions shall be sent to the bereaved family, a copy sent the Mountain Advocate for publication, and also a page set apart on our records and a copy spread thereon.

CONGRESSMAN ROBSON MAKES INTERESTING REPORT

Washington, D. C. Mar. 9, 1921. Dear Friend and Fellow Republican: I have just finished my first term. Without boasting we wish to take this opportunity to thank you for your many courtesies and to state briefly some of the things we have accomplished and helped to accomplish within the past two years.

I have been on the job and have given courteous attention to all requests. I have sent out over FIVE HUNDRED THOUSAND pieces of mail, and have had up the claims of more than SIX THOUSAND SOLDIERS and the dependents for compensations, pensions, allotments, etc., and have already received favorable action on more than FORTY-FIVE HUNDRED of these and secured more than ONE HUNDRED THOUSAND in back compensation and pension for the soldiers. I have introduced and passed FIFTY-ONE SPECIAL ACTS for pensions for soldiers and their dependents for our District. I have secured more than THIRTY-FIVE THOUSAND PACKAGES OF SEED and THREE THOUSAND FARMERS' YEAR BOOKS, over and above the quota allowed to me and sent them out to the people of our District. Helped to secure FEDERAL AID for ROADS. Helped to establish many new post offices and mail routes. Secured Government jobs for thirty-eight young men and women of our District.

The Republican Congress repealed about sixty oppressive War measures and the so-called Daylight Saving Law; defeated Universal Compulsory Military Training and greatly reduced the Army; passed the Prohibition Acts and granted Suffrage to Women; increased the Compensation for World War Soldiers; provided Vocational Training for Disabled Soldiers and for Hospital Treatment for all of our Disabled Soldiers; Greatly increased the Pension of Civil War Soldiers, their widows and children; passed a very favorable Pension Law for the Spanish American and Philippine War Soldiers; passed the Budget Bill for Economy, the Tariff Bill and Immigration Bill, cutting out foreign Immigration but President Wilson killed all three of these bills; returned the Railroad, Telephones, Telegraphs and Ship Lines to their owners; defeated the Anti-Strike Bill and passed other laws helpful to the laboring men and to the business industries of the country; passed laws helpful to the Farmers, including the law permitting the Farmers of the Country to organize; Passed the Bonus Bill for late War Soldiers thru the House, which is expected to become a law at the next session.

The Republican Congress saved over THREE BILLION DOLLARS in taxes by stopping waste and extravagance and cutting thousands of useless office-holders and other needless activities put on foot by the Wilson Administration.

We feel sure that the new Republican Congress will re-pass the Tariff and Immigration Bill, greatly reduce the taxes and pass other measures helpful to the farmers, the laboring people and business industries of the country. The Democrats have left the country deeply in debt and greatly involved in many ways, and it will take time to correct these mistakes.

Remember it is always a pleasure to me to be of service to the people of my District in any way that I can. Thanking you again for your friendship, good will and co-operation, and with the hope that I may be of more service in the future, I remain, Your friend,
J. M. ROBSON.

RESOLUTIONS OF RESPECT

The Death Angel has once more invaded our ranks and plucked from our number a true and loyal brother and again brings to us that sacred admonition "Man that is born of a woman is of few days and full of trouble." The Great Architect of the universe has seen fit in his infinite wisdom for reasons better known to Himself than to us, to call our Brother H. W. Dugger to that house not made with hands, eternal in the Heavens.

Therefore, be it resolved that in the death of Brother Dugger this Lodge has lost a good and loyal brother, the country an upright and honest man, the family a devoted father. We are at a loss for words to express our sympathy to the bereaved family, ever remembering to point them to Him who has said, "I will temper the wind to the shorn lamb," and "be widows of God."

Resolved that a page of our record be set apart for these Resolutions, a copy sent to the family and also ask the local papers to publish the same.

This done by order of North Jellico Lodge No. 320, I. O. O. F. All of which is fraternally submitted and signed by the committee.

F. C. Dizney, Thos. Reynolds, J. E. Jones.

INCIPIENT FIRE

What might have been a serious fire broke out at the New York Store Friday night. At about 8:30 P. M. a glare was observed at the back of the store. Guy L. Dickinson promptly broke the glass door cutting his hand and arm in getting thru the aperture. Seizing a patent fire-extinguisher, he turned the contents on to the fire and extinguished the flames. In a few minutes the flame might easily have been beyond control. The blaze was found in a big box of papers under the stairs. How this paper caught fire unless from a carelessly flung cigarette, is not yet known. Mr. Dickinson is to be congratulated on his quick action.

6,000 MORE BABIES BORN IN KENTUCKY

LOUISVILLE, March, 12.—Six thousand more babies were born in Kentucky in 1920 than in the preceding year and in 1920 2,000 fewer persons died in the State, according to a preliminary report by J. F. Blackerby, State Registrar of Vital Statistics, to Dr. A. T. McCormack, State Health Officer. The increase in births is about ten percent and the decrease in deaths roughly eight percent.

The return of the large number of Kentuckians who were in France with the American Armies to their homes, and the resultant resumption of normal social conditions, is the reason given by Mr. Blackerby for the increase in the number of births. The reduction in the number of deaths that occurred in the State he explained by pointing out that the fatalities due to communicable diseases have been reduced materially and that everywhere in Kentucky more attention has been paid to sanitation and health problems.

SCHOOL BOARD MAKES APPEAL

Owing to the decision of the Court of Appeals which deprives the School Board of a part of the money expected from taxation with which to carry on the school year to the usual time it is necessary to make an appeal for funds if the schools are to carry on for the full period.

The School Board cannot legally borrow more money for the present year and parents and patrons must subscribe the amount necessary, if the schools are not to be closed down. All SUBSCRIPTIONS toward keeping the schools running will be appreciated.

The other book concerns "Electric Welding," contains 417 pages and leaves nothing to be desired in the matter of information for those who seek knowledge along this line of human advance.

The books were published by McGraw-Hill Book Co., Inc., 370 7th Ave., New York and 6 and 8 Boulevard St., London, E. C. 4, Eng.

Mr. Viall, who is a member of the American Institute of Electrical Engineers, Franklin Institute, American Welding Society, is also author of "Manufacture of Artillery Ammunition," "United States Ammunition," "United States Rifles and Machine Guns," "Broaches and Boring."
